

AV MOUNTS AND ACCESSORIES

www.btechavmounts.com

Welcome to the 2015 edition of the B-Tech Catalogue...

Welcome to our updated Product Catalogue for 2014. Having been founded over 40 years ago, B-Tech AV Mounts has developed into one of the premier mounting solution providers in the world. B-Tech continues to offer excellent service, meeting expectations that both professional installers and consumers require alike. Featuring many new products that B-Tech has developed and launched over the past 12 months, this latest catalogue demonstrates the extent of the range of AV Mounting Solutions that is available from B-Tech. With our head-office located centrally in the UK, B-Tech is supporting you wherever you are in the world; whether it be in Europe with our offices and distribution centres located in Barcelona, Berlin and Brussels, the MENA region with distribution from Dubai, U.A.E., or the Asia-Pacific region with offices and staff in Hong Kong, China and Singapore. These are ably supported by a global distribution network that covers both the commercial install and retail markets worldwide.

B-Tech AV Mounts can essentially be split into two categories - B-Tech Professional and B-Tech Consumer - and this is what we have done for this catalogue. The first section of the catalogue is dedicated to our AV Mounting Solutions for Professionals, be it installers, integrators, tradespersons, specifiers or architects. You will find a mounting solution for every screen ranging from small CCTV screens to heavy duty interactive flat panel displays, covering all possible aspects such as flat to the wall, full motion articulating arm, ceiling mount (including specialist mounts), floor stands and mobile requirements. Products are available in ready-made kits for convenience as well as in component format for that more specialist mounting requirement. A new feature to our range is the availability of bulk-packed mounts. These, such as the BT7511-BULK, are ideal for installers as there is no time wastage in opening individual packaging and sorting out the components - the wall brackets are packed separately from the interface kits making it easier and quicker for that install.

Our mottos of Safe Solid Secure and Better by Design have never been more true. Please visit our website at www.btechavmounts.com or follow us on Social Media to be kept up to date with all the latest developments with B-Tech around the world. B-Tech will also be participating in industry events around the world, such as ISE and InfoComm, so please try and visit us at one of these shows and we will be happy to meet you.

PROINSTALL™

The Professional's Choice for Audio Video Mounts and Supports

B-Tech Audio Video Mounts is a leading original design manufacturer of professional AV mounting solutions. B-Tech mounts have been used in some of the most prestigious sports stadia, hotels, schools, shopping malls and conference facilities worldwide. Mounts and supports are designed in the UK to meet the stringent GS/TUV safety standards and come complete with a 10-year lifetime guarantee. From European distribution centres in the UK, Belgium, Germany and Spain, B-Tech are able to offer a same-day dispatch service from stock, getting the product there on-time for that important install. The B-Tech Range of AV mounts is designed to make professional installations safe, solid and secure, whilst providing simple, cost effective solutions for commercial and public installations.

BT7510

Fixed - Small

Ultra-Slim Flat Screen Wall Mount

Registered Design Number: 001713280-0016

VESA 600 x 400

IDEAL FOR USE WITH BT8310, BT8311 & BT8350

Mounted Vertically

Mounted Horizontally

- Converts VESA® 400 x 400mm to VESA® 600 x 400mm
- Ideal for use with B-Tech video wall mounts, simply attach to BT8310, BT8311, BT8350 or BT8351 to allow use with screens with VESA mounting patterns of 600 x 400mm

BT7542

VESA® Adaptor Arms*

Registered Design Number: 001713280-0017

VESA 200 x 100

VESA 200 x 200

- Converts VESA® 100 x 100mm to VESA® 200 x 100mm or converts VESA® 200 x 100mm to VESA® 200 x 200mm

BT7540

VESA® Adaptor Arms*

Registered Design Number: 001713280-0016

VESA 400 x 200

- Converts VESA® 200 x 200mm to VESA® 300 x 200 or 400 x 200mm
- Use two sets to convert to VESA® 300 x 300, 400 x 300 or 400 x 400

***Important: Screen size and weight limit dependant on mount to which the adaptor is attached.**

MOUNTING SOLUTIONS FOR DIGITAL SIGNAGE

B-Tech's vast range of professional mounts has been expanded to provide a variety of mounting solutions which meet the demand of this rapidly growing area of the AV industry. Several options for mounting screens in a back-to-back scenario are available as well as mounting solutions for video walls such as our **Pop-In, Pop-Out Video Wall Mount** and the **Modular Freestanding Video Wall Mount**, both of which are designed to have very short installation times.

BT8010

Wall Mounting Unit

Flat Screen Wall Mounting Unit for Large Screens

- Designed for medium/large flat screens up to 50" (127cm) / 70kg (154lbs)
- Fits screens with mounting patterns up to **H: 755 (29.7") x V: 410mm (16.1")** including screens using VESA® fixings up to 600 x 400mm
- Features integrated cable management
- Contemporary Graphite Black finish
- AV Component glass shelf available separately (**BT7165** - see below)

Registered Design Number: 001713280-0049

BT7165

AV Component Shelf

For use with BT8010

- Glass shelf designed for AV equipment up to 7.5kg (17lbs)
- Shelf dimensions: 450mm (17.7") x 320mm (12.6")

*Picture shows 2 shelves mounted to a BT8010 (available separately)

BT8320

Portrait Mounting

Flat Screen Wall Mount for Portrait Digital Signage Displays

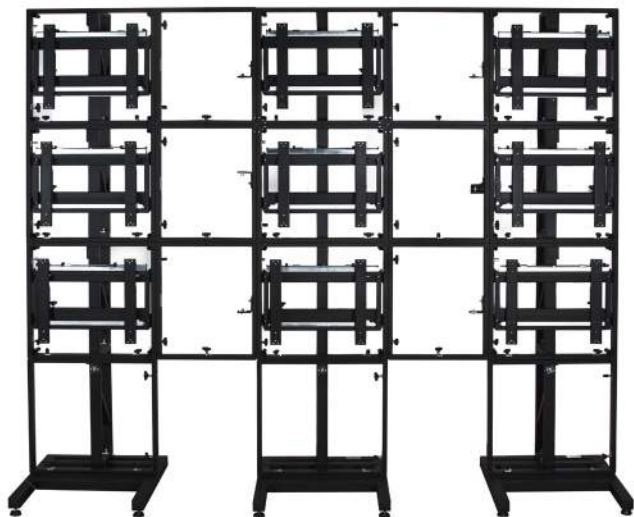

- Designed for medium/large flat screens up to 55" (140cm) / 70kg (154lbs)
- Maximum distance between fixings: **H: 410mm (16.1") x V: 755mm (29.7")**
- Fits VESA® fixings up to 600 x 400mm
- Can also be fitted in landscape style
- Mounts screens just 41mm (1.6") from the wall
- Simple 'hook-on' installation with all mounting hardware included

BT8350

Video Wall Mount

Example 3x3 screen configuration

Professional Free Standing Video Wall Mount with multiple configurations

- Designed for narrow bezel monitors of 46", 55" and 60" up to 50kg (110lbs) per monitor
- Modular floor mount for multiple floor display configurations
- Unlimited amount of vertical columns and up to 7 horizontal rows - order to your exact requirements
- Suitable for landscape or portrait screen mounting
- Quick and easy assembly and disassembly
- Captive wingnuts and screws used to secure structure - no loose bolts!
- Strong Iron structure, painted with Epoxy powder
- Reinforced frame for repeated assembly
- Monitors can be mounted to the center of the mount or, to avoid trip hazards, towards the front of the mount with use of added ballast support

ORDER TO YOUR EXACT REQUIREMENTS

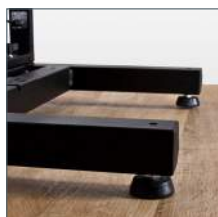

- Choose the screen size
- Choose number of columns
- Choose number of rows
- Choose the floor height

per screen

Choice of floor height options

Adjustable height levelling feet

Tool-less micro-adjustments

Captive wingnuts and screws - no loose bolts!

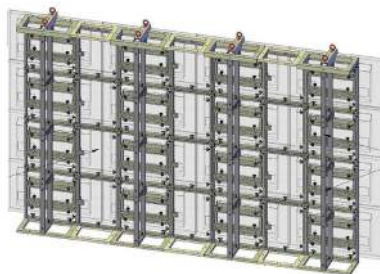

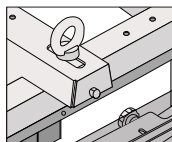

BT8350

Customise Your Free Standing Video Wall Mount - Ordering Options

BT8350-HFA

Hanging Frame

With our hanging frame the BT8350 can be suspended from a secure ceiling. The frame attaches to the top and rear of the BT8350 and can hold up to 5 screens per column, with a maximum weight of 350kg per column.

BT8350-CW

Castors

The BT8350 comes with height adjustable levelling feet as standard but we also offer options to fit castors as an alternative if there is a requirement for the video wall to be mobile once assembled. Several options are available depending on your requirement and must be specified at the time of ordering, please speak to your Area Sales Manager for more information.

Braked castors feature swivel in all directions.

BT8351

Pop-In, Pop-Out Solution

For spaces with limited access the **BT8350** can be ordered with the **BT8310 Pop-In, Pop-Out Video Wall Mount** to create a **BT8351**

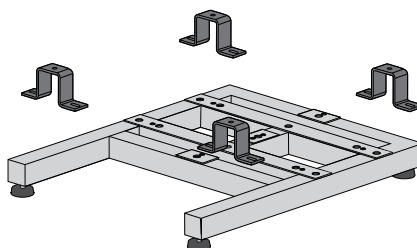

The BT8350 can be ordered with the BT8310 pop-in/pop-out wall mount to increase accessibility to the screens when access to the rear of the video wall is limited. The Push to open / push to close system provides quick and easy service access and features 8 tool-less micro-adjustment points for seamless alignment of the wall display.

BT8350-FBFK

Floor Base Fixing Kit

For a totally secure installation our floor base fixing kit allows your BT8350 to be bolted down to a concrete floor, preventing the frame from being moved. Using the floor base fixing kit will also allow you to build taller video walls without the need to add ballast to support the floor base. Each kit comes with 4 brackets per base.

BT8350

Installation Video Guide

With an estimated build time of just 20 minutes to complete a 3 x 3 video wall, putting together your frame couldn't be easier.

To show how easy it is to set up the BT8350 we have created a short 6 minute video demonstrating the ease of installing the most popular video wall configuration - 3 x 3.

Visit www.btechavmounts.com/BT8350 to watch the demonstration video under the 'Video' tab at the bottom of the page.

Scan here
to view the
installation video

How to Choose Your Free Standing Video Wall Mount

1. Select your monitor size: 46", 55", 60"
2. Decide on landscape or portrait monitor mounting.
3. Decide on amount of vertical columns and horizontal rows.
4. Visit our online configurator for your mounting solution:

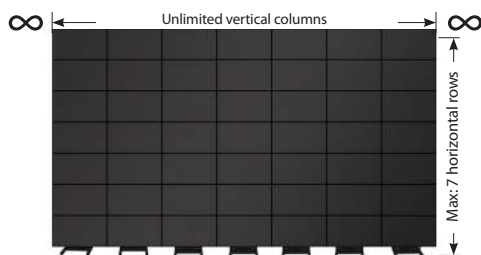

www.btechavmounts.com/bt8350-configurator

If you have a requirement which is not covered by the options above or by the configurator please speak to your B-Tech Sales Manger as the BT8350 is a custom mounting solution which can be tailored to your requirement.

Maximum Configurations

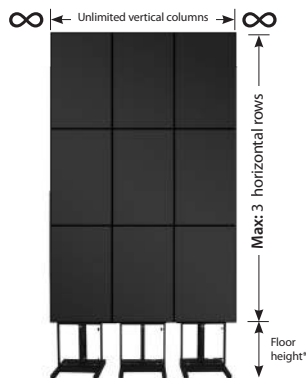

For **landscape** configurations:

Install unlimited vertical columns and horizontal rows up to 7 monitors (dependant on screen size)

**You may also select from various floor heights for your Video Wall Mount*

For **portrait** configurations:

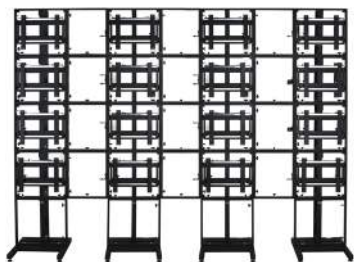

BT8350

Multiple configurations

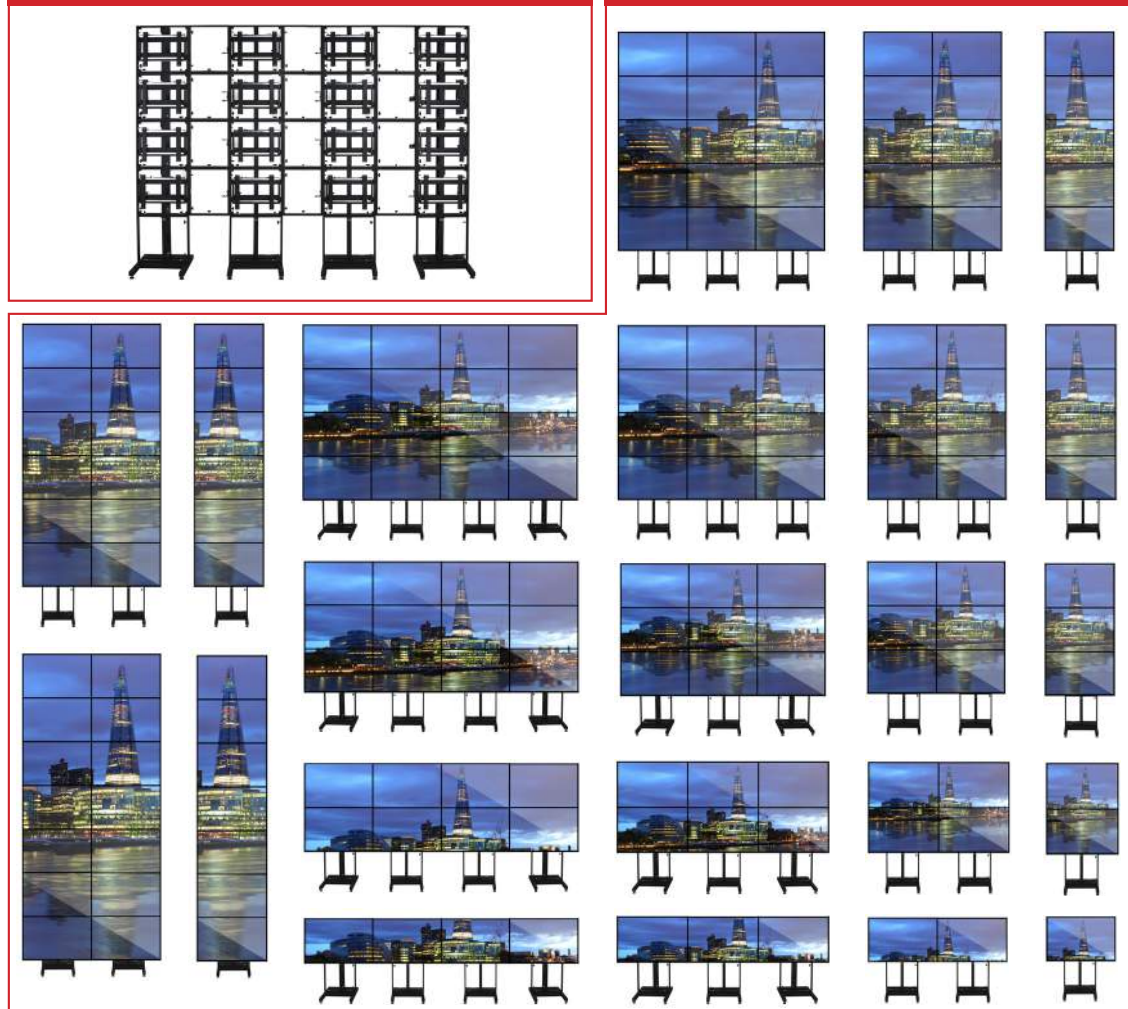

The BT8350 is a modular solution which can be used in multiple mounting configurations making it ideal for temporary or rental video wall applications.

For example, purchasing a 4x4 screen configuration as shown here will allow you to mount screens in all of the different configurations shown below.

BUY A 4x4 FREESTANDING VIDEO WALL MOUNT

USE IT FOR ANY OF THESE CONFIGURATIONS

There are several options which must be specified whilst ordering to ensure the BT8350 is configured to your specific requirements. These include: screen size, desired number of horizontal rows and vertical columns and finally, the height from the floor.

Please visit www.btechavmounts.com/BT8350 or contact us to specify your exact requirements and we will advise you on your ideal solution.

BT8310

Video Wall Mount

Example 3x3 Landscape

Professional Video Wall Mount

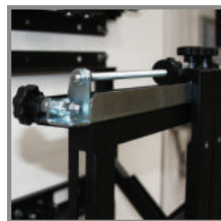

- Dramatically shorten installation times by reducing the need for measuring and complicated calculations with the use of screen specific spacers and 8 point micro-adjustments for perfectly aligned screens every time
- Designed for large video wall screens up to 50kg (110lbs)
- Modular mount for unlimited wall display configurations
- Fits screens with VESA® mounting patterns from 200 x 200mm up to 400 x 400mm
- VESA® adaptor kit available for mounting patterns of 600 x 400mm or 800 x 400mm
- Screen model-specific wall plate spacers are available and dramatically shorten install times by eliminating guesswork and on-site installation calculations
- Suitable for landscape or portrait screen mounting
- Ideal solution for mounting video walls or single screens into recessed walls
- Tool-less micro-adjustments at 8 points for seamless display alignment - see page 18 for more info
- Displays click securely into place against the wall with spring-loaded mechanism
- Push to open / push to close system provides quick and easy service access
- Integrated cable management
- Safety screws to help prevent unauthorised removal of the screen

- Please note the recommended minimum screen size which can be mounted is 42" with a minimum screen height of 542mm when mounted in a landscape configuration and 557mm when mounted in a portrait configuration

Spacer Kits

Custom Wall Plate Spacers for BT8310 and BT8311 Video Wall Mount

- Eliminate tedious alignment calculations and guess work
- Spacers available for all video wall screen brands such as LG, Samsung, Sharp, Philips, NEC, and Orion
- Only one spacer kit is required per install and can be re-used for multiple installations
- See table below to find out which spacer is required for your installation

Wall plate spacers are available for the **BT8310** and **BT8311** that eliminate tedious alignment calculations, meaning less time is wasted through measuring and 'guesswork'. These spacers are available to order separately and are screen specific for all popular brands. **To find out which spacer kit is needed for a specific screen please see the table below.**

Mounting with Spacers - Landscape

If your screen is not listed in the table below please go to **www.btechavmounts.com/BT8310** or scan the QR code above to view the most up to date list.

Mounting with Spacers - Portrait

Accessories - VESA Adaptors and Spacers for BT8310 and BT8311

This list reflects the latest videowall screens available on the market (at the time of printing), for a complete list, including older models, please see www.btechavmounts.com/BT8310

8 Point tool-less micro-adjustments for seamless display alignment

- 1: Independently adjust the depth of each corner of the screen by up to 14mm
- 2: 12mm vertical adjustment to raise or lower screen position
- 3: Laterally adjust and lock the screen into position

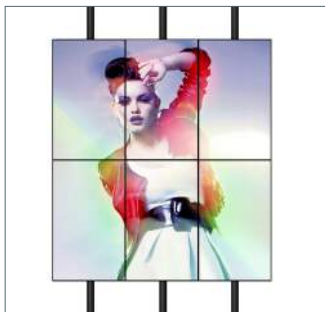

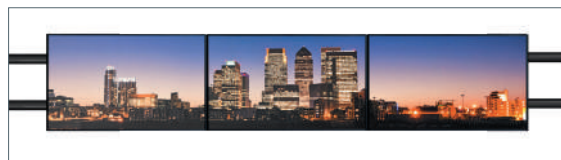

BT8311

NEW

Example Installations

Applications

In addition to wall mounting, the BT8311 is collar compatible, making possible an endless amount of pole mounted configurations which utilise either horizontal or vertically mounted poles.

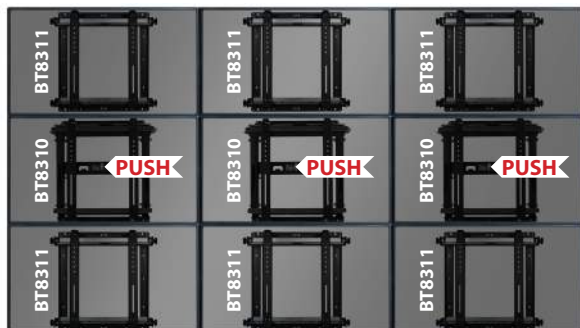

Using BT8311 together with the BT8310

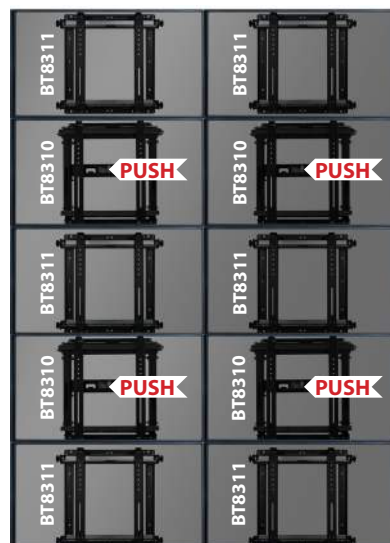

In order to access all of the adjustment options when wall mounted in configurations with 3 or more rows, it is recommended that the BT8311 is used together with the BT8310. It is recommended that these mounts should be used in alternating rows to ensure easy access during installation and throughout any future servicing of the screens.

2 x 2 Installation (No BT8310 required)

3 x 3 Installation (3 BT8310s recommended)

2 x 5 Installation (4 BT8310s recommended)

BT8540

Flat Screen Ceiling Features

Have you considered ceiling mounting your screen?

In many situations, ceiling mounting a screen is an attractive alternative to wall mounting. Ideal for open plan areas, ceiling mounting allows you to position your screen in the perfect location in the room, without having to focus the rest of the room around a wall. With solutions for both flat and angled ceilings, for either single or double screens B-Tech have mounting options for virtually any application.

SYSTEM2TM

The Professional's Choice for
Audio Video Mounts and Supports

POLE MOUNTING RANGE

B - T E C H A U D I O V I D E O M O U N T S

B-Tech's **System 2™** series is a component based system for professional installations. For greater flexibility and convenience, components are supplied individually. Ceiling / wall brackets, extension poles, accessory collars and AV mounts are ordered separately, depending on the requirements of the installation.

The **System 2™** range works on a modular principle with 50mm (2") diameter poles that can easily be cut to length and joined. Poles may be attached to the wall or ceiling and can hold all manner of AV devices with the use of accessory collars and mounts from B-Tech.

Mounts for joists, purlins, i-beams and both internal and external pole joiners make the **System 2™** range a truly versatile and flexible modular mounting system. This range is compatible with existing installations and may also be used in conjunction with truss systems, scaffolding poles, NPT pipes or other poles from 48mm to 51mm (2") in diameter.

Accessory brackets and collars also allow other AV equipment such as speakers, DVD players or laptop computers to be mounted onto the installation. The full range has been designed to include coverplates that hide the mounting fixings. This combined with the 'taper trim' that cleanly blends the mounts to the pole, results in a very aesthetically pleasing and highly adaptable mounting range to suit any installation requirement.

50mm Diameter Poles

50mm Diameter Poles

- Available in black, silver or chrome
**Please note 3m model is not available in silver*
- Can be cut to length if required
- Poles are internally unobstructed to allow cables to pass through easily
- Features safety bolt holes at top and bottom for secure installation
- Poles can be linked together using BT7823 or BT7824 Joiners
- Includes BT7057 pole ring

Lengths Available:

BT7850-025 - (0.25m), BT7850-050 - (0.5m), BT7850-100 - (1m), BT7850-150 - (1.5m), BT7850-200 - (2m), *BT7850-300 - (3m)

BT7821

Tilt

Ceiling/Wall Mount with Tilt for ø50mm Poles

- Cover plate included for smart installation
- Supplied with safety bolt for a secure install
- 70° Tilt of pole for angled ceilings
- +90° Tilt of pole (fixed) when wall mounted
- Ceiling plate diameter: 240mm (9.4")
- Ceiling drop: 83mm (3.3")
- Pole sold separately

BT7822

Fixed

Ceiling Mount for ø50mm Poles

- Small ceiling plate with attractive finish
- Cable management
- Cover plate included for smart installation
- Supplied with safety bolt for a secure install
- Ceiling plate diameter: 150mm (5.9")
- Ceiling drop: 120mm (4.7")
- Pole sold separately

BT7804

Tilt Heavy Duty

Heavy Duty Ceiling Mount with Tilt for ø50mm Poles

- Cover plate included for smart installation
- Heavy duty 5mm thick steel construction
- Cable management
- Supplied with safety bolt for a secure install
- +/-40° Tilt of pole for angled ceilings
- Ceiling plate diameter: 300mm (11.8")
- Ceiling drop: 183mm (7.2")
- Pole sold separately

BT7851

Adjustable Drop

Telescopic Ceiling Mount For ø50mm Poles

- Small ceiling plate with attractive finish
- Cable management
- Cover plate included for smart installation
- Ceiling plate diameter: 150mm (5.9")
- Ceiling drop: 600mm - 1000mm (39.4") in 25mm (1") increments
- Longer drop available using BT7823 Pole Joiner and any BT7850-Pole

Registered Design Number: 403650

BT7803

Wall Arm with Swivel

Wall Arm for ø50mm Poles

- Single arm for 180° swivel
- Cover plate included for smart installation
- Supplied with safety bolt for secure installation
- Arm length: 535mm (21.1")
- Pole sold separately

BT7012

Purlin Mount

Purlin Mount for ø50mm Poles

- Adjustable purlin mount for use with 50mm poles
- Cable management
- Supplied with safety bolt for secure installation
- Locking bolt included to securely set the pole vertical at any angle up to 45°
- Fits "Cee" and "Zee" section purlin with a minimum height of 95mm (3.7")
- Can also be mounted to beams and girders
- Pole sold separately

BT7017

I-Beam (Girder) Mount

I-Beam Girder Mount for ø50mm Poles

- Adjustable I-Beam (girder) mount for use with 50mm poles
- Cable management
- Supplied with safety bolt for secure installation
- Locking bolt included to securely set the pole vertical at any angle up to 36°
- Fits I-Beams and thick steel from 80mm (3.1") - 250mm (9.8") in width
- Pole sold separately

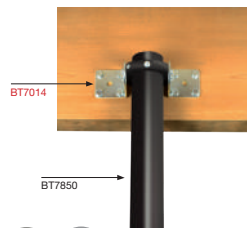

BT7014

Joist Mount

Joist Mount for ø50mm Poles

- Designed to be mounted to the side / underside of a beam / joist
- Supplied with safety bolt for secure installation
- Can be bolted through a joist using supplied back plates
- Screws / bolts not included
- Pole sold separately

BT7825

Truss Clamp

Truss Mount for ø50mm Poles

- Adjustable adaptor for attaching 50mm poles to truss systems, scaffolding and other horizontal poles
- Cable management
- Supplied with safety bolt for secure installation
- Fits truss size from 42mm (1.7") - 50mm (2")
- Zinc plated clamp
- Pole sold separately

BT7823

BT7824

Pole Joiners

Internal Pole Joiner

- Joins 2 x 50mm poles together
- Still allows cables to pass through cables
- Hidden from view once installed
- Pole sold separately

External Pole Joiner

- Joins 2 x 50mm poles together
- Still allows cables to pass through poles
- Allows cable access mid-pole
- Pole sold separately

BT7852

Swivel Adaptor

Swivel Adaptor for ø50mm Poles

- Allows a screen or AV equipment mounted at the bottom of a pole to be swivelled 360°
- Pole sold separately

BT7055

Pole Finishing Ring

Ceiling Finishing Ring for ø50mm Poles

- Escutcheon ring designed to improve the look of a ceiling mounted pole
- Ideal for use with suspended ceilings
- Pole sold separately

BT7056

Floor Fixing Kit

Floor Fixing Kit for 50mm Poles

- Allows poles to be fixed to the floor to prevent lateral movement in a floor to ceiling installation
- Suitable for most floor types including concrete and wooden floors
- Chrome cover for a smart installation
- For alternative colours add BT7055

BT7052

Collar

50mm Accessory Collar

- Accessory collar for use with 50mm poles
- Choice of 3 colours: Black, Silver or Chrome cover plate

Registered Design Number: 4003652

BT7051

Heavy Duty Collar

50mm Heavy Duty Accessory Collar

- Heavy duty accessory collar for use with 50mm poles
- Double attachment
- Choice of 3 colours: Black, Silver or Chrome cover plate

Registered Design Number: 4010370

BT7841

NEW

2-Piece Collar

50mm Accessory Collar

- Accessory collar for use with 50mm poles
- Can be retro fitted to existing installations
- Split design allows collar to clamp tightly to poles without marking them
- Includes safety grub screws for use with existing holes in the pole

BT7850-CAP

End Cap

End Cap for ø50mm Poles

- Designed to fit any 50mm pole

BT7057

End Ring

End Ring for ø50mm Poles

- Creates a neat appearance at either end of any B-Tech 50mm pole
- Protects cables against the rough edge of hand sawn poles

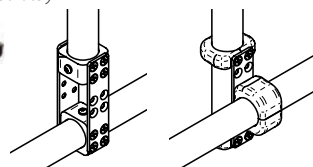

BT7025

Horizontal Collar Adaptor

Collar Adaptor for Horizontal Poles

- Allows poles to be mounted horizontally across fixed vertical poles

**Collars available separately*

Visit www.btechavmounts.com/BT7025 for more configurations

BT7862

Twin Pole Adaptor

Accessory Adaptor for Twin Pole Floor Stands

- Designed to mount AV accessories such as shelves centrally between 2 poles
- Ideal for use with B-Tech trolleys
- Max load 40kg
- Compatible with single and double attachment collars (sold separately)
- Compatible with ø50mm and ø60mm collars

**Poles and collars sold separately*

BT7863

VC Shelf

VC Camera Shelf

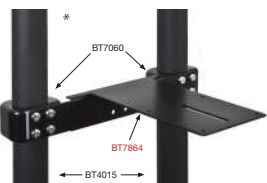

- Designed to mount video conferencing cameras to poles
- Fits most VC cameras with 1/4 inch thread
- Features 100x100mm fixing points
- Ideal for Radvision® XT5000 Codec
- Max load 4kg

BT7864

Twin Pole VC Shelf

VC Camera Shelf for Twin Pole Floor Stands

- Designed to mount a video conferencing camera centrally between 2 poles
- Ideal for use with B-Tech trolleys
- Max load 4kg
- Compatible with single and double attachment collars (sold separately)
- Compatible with ø50mm and ø60mm collars

**Poles and collars sold separately*

BT7865

Computer Peripheral Shelf

Keyboard and Mouse Shelf for Pole mounting

- Designed to mount a keyboard and mouse to a pole
- Fixed tilt angle of 10°
- Max keyboard size: W: 465mm x D: 175mm
- Usable space for mouse: 230 x 255mm
- Compatible with single collars (sold separately)

**pole sold separately*

BT899

Heavy Duty Projector Mount

Pole Mounted with Micro-Adjustment

- Designed for projectors up to 25kg (55lbs)
- Compatible with the B-Tech System 2" Professional Range and NPT pipe systems
- Features +/-13° tilt, +/-6° roll and 360° swivel
- Maximum distance between any two fixing points: 370mm (14.6")
- Pole sold separately

Registered Design Number: 001713306-0004

BT899-XL

Extra-Large Projector Mount

Extra Large Pole Mounted Projector Ceiling Mount with Micro Adjustment

- Same as BT899 but features increased maximum fixing dimensions
- Maximum distance between any two fixing points: 493mm (19.4")
- Pole sold separately

Registered Design Number: 001713306-0004

BT7819-888

Universal Projector Mount

Pole Mounted

- Universal mount to fit LCD / DLP projectors
- Unique carousel mount for simple installation with all mounting hardware included
- Maximum distance between any 2 fixing points: 340mm (13.4")
- Distance from top of collar to projector: 195mm (7.6")
- Maximum tilt and swivel at ball joint bracket: 37° in any direction

BT6010

Security Camera Mount

Security Dome Camera mount

- Designed for use with CCTV cameras
- Distance between any 2 fixing points on CCTV camera:
Min: 63.5mm (2.4")
Max: 103.5mm (4.1") including VESA® 75 x 75mm
- Unique carousel mount for simple installation with all mounting hardware included
- Maximum weight 25kg (55.1lbs)
- Available in Zinc finish

BT7860

Apple TV® Mount

Apple TV® Mount

- Designed to mount an Apple TV player to your wall or to a pole
- Features +/-90° tilt and 75° swivel
- Open design for greater airflow to keep the device cool
- Features security locking bar and screws to help prevent unauthorised removal of the device
- Compatible with single collars (sold separately)

*TM and ©2013 Apple Inc. All rights reserved.

BT7867

Digital Signage Cradle

Digital Signage Box Cradle

- Cradle designed to mount a digital signage player to a BT7522, BT8431 and BT8432
- Max load 1kg
- Open design for greater airflow to keep the player cool
- Security screws help prevent unauthorised removal of the player
- Made to order based on the dimensions of your device, please ask for details

BT8026

Fixed Screen Mount

Large Flat Screen 50mm Pole Mount

- 2 Heavy duty collars included with covers
- Mounts screen in landscape or portrait style
- Security Allen key and screws provided
- Supplied with safety bolt for secure installation
- Simple 'hook-on' installation with all mounting hardware included
- Use with BT8009 for back-to-back screen installations
- Can be used with both vertical and horizontal poles
- *Ceiling mounts, pole and flat screen interface sold separately*
- *Must be used with flat screen interface kit (BT7507 / BT8500 / BT8501)*

BT7507

VESA® Screen

VESA® Interface Kit

- Suitable for screens up to 50" (127cm) / 70kg (154lbs)
- Fits 75 x 75, 100 x 100, 200 x 100 and 200 x 200mm VESA® mounting patterns
- Suitable for screens using M4, M5, M6 and M8 fixings
- Can be fitted to mount in either landscape or portrait style
- *Must be used with a professional screen mounting solution (BT8009 / BT8026 / BT8027)*

BT8027

Tilt Screen Mount

Large Flat Screen 50mm Pole Mount with Tilt

- Tilts up to +20° with fixed positions of 0°, 15° and 20°
- 2 Heavy duty collars included with covers
- Mounts screen in landscape or portrait style
- Supplied with safety bolt for secure installation
- Use with BT8009 for back-to-back screen installations (only one screen will tilt)
- Can be used with both vertical and horizontal poles
- *Ceiling mounts, pole and flat screen interface sold separately*
- *Must be used with flat screen interface kit (BT7507 / BT8500 / BT8501)*

BT8500

Large

Universal Interface Kit

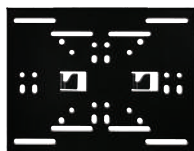

- Suitable for screens up to 70kg (154lbs)
- Maximum distance between fixings:
H: 755mm (29.7") x **V:** 410mm (16.1")
- Fits all VESA® fixings up to 600 x 400mm
- Can be fitted to mount in either landscape or portrait style
- *Must use with a professional screen mounting solution (BT8009 / BT8026 / BT8027 / BT4002)*

BT8009

Low Profile

Flat Screen Mounting Plate

- Suitable for concrete / brick or stud walls up to 12" (30cm)
- Mounts screen only 22mm from wall when a BT7507 interface kit is used and 41mm (1.6") when a BT8500 / BT8501 is used
- Compatible with BT8026, BT8027 for back-to-back screen mounting
- Fixes to non B-Tech trolley / floor stands (with pole centres 62.5mm (2.5") - 157.5mm (6.2") or 204mm (8") - 299mm (11.8") using accessory collars)
- Fits industry standard 150 x 150mm (5.9 x 5.9") fixing points
- *Collars not included*
- *Must be used with flat screen interface kit (BT7507 / BT8500 / BT8501)*

BT7861

Adaptor Plate

Adaptor Plate for 150 x 150mm fixings

- Designed to attach BT7532 (see page 6) to 150 x 150mm interfaces
- Max load 40kg
- Compatible with ø50mm and ø60mm collars (available separately)

BT7551

Flat Screen Mount - Single

BT7553

Available as complete ceiling or desk mount packages - page 34, 41

Single Flat Screen Mount for 50mm Poles

- Suitable for screens using VESA® fixings 75 x 75mm and 100 x 100mm
- Maximum load: 23kg (51lbs)
- +/- 10° tilt adjustment and 360° swivel
- 360° screen rotation
- Integrated cable management
- Keyhole mounting for easy 'hook-on' installation
- Can be mounted to the ceiling, floor or desktop

BT7552

Flat Screen Mount - Double

BT7553

Available as complete ceiling or desk mount packages - page 35, 41

Back-to-Back Flat Screen Mount for 50mm Poles

- Suitable for screens using VESA® fixings 75 x 75mm and 100 x 100mm
- Maximum load: 23kg (51lbs) per screen
- +/- 10° tilt adjustment and 360° swivel
- 360° screen rotation
- Integrated cable management
- Keyhole mounting for easy 'hook-on' installation
- Can be mounted to the ceiling, floor or desktop
- Screens can be mounted offset from each other or in-line with each other using the optional adaptor arms

Flat Screen Wall Mounts Ideal For Medical Applications

BT7592

Articulating Wall Arm

BT7593

Full Motion Articulating Wall Arm Medical Mount

BT7592 BT7593

- Designed for flat screens up to 23" (58cm)
- **BT7592 is suitable for screens weighing 3 to 5kg (6.6-11lbs)**
- **BT7593 is suitable for screens weighing 5 to 8kg (11-17.6lbs)**
- Fits screens with VESA® mounting patterns: 75 x 75 and 100 x 100mm
- Allows 360° rotation of screen in any direction to display screen in landscape or portrait style
- Tilts +/- 100°
- Mounts screen up to 1650mm (65") from wall
- Supplied with optional handle for easy screen positioning

4 simple steps to order Flat Screen Floor Stands tailored to your needs

Step 1 Choose your Floor Base... Step 2 add Poles...

BT4000

SMALL

Small Floor Base

- Designed for flat screens up to 32" (81cm) / 15kg (33lbs)
- Features grab handle
- Can be used free standing or bolted to the floor
- Screen size and weight may be increased if floor base is bolted to the floor
- Base Dimensions: 575mm x 395mm

1 Pole Required

- BT4005 - 0.5m ✓
- BT4011 - 1.1m ✓
- BT4015 - 1.5m ⚙
- BT4020 - 2m ⚙

BT4001

MEDIUM

Medium Floor Base

- Designed for flat screens up to 42" (107cm) / 24kg (53lbs)
- Features grab handles
- Can be used free standing or bolted to the floor
- Screen size and weight may be increased if floor base is bolted to the floor
- Base Dimensions: 725mm x 495mm

1 Pole Required

- BT4005 - 0.5m ✓
- BT4011 - 1.1m ✓
- BT4015 - 1.5m ✓
- BT4020 - 2m ⚙

BT4002

LARGE

Large Floor Base

- Designed for flat screens up to 65" (165cm) / 70kg (154lbs)
- Can be used free standing or bolted to the floor
- Features grab handles
- Base dimensions: 890mm x 610mm

2 Poles Required

- BT4005 - 0.5m ✓
- BT4011 - 1.1m ✓
- BT4015 - 1.5m ✓
- BT4020 - 2m ✓

BT4003

LARGE

Large Floor / Trolley Base

- Designed for flat screens up to 65" (165cm) / 70kg (154lbs)
- Screw in castors available separately (BTW100 sold individually or as a pack of 4 - BTW100-4)
- Can be used with one or two poles depending on application
- Base dimensions: 1130mm x 774mm

1 or 2 Poles Required

- BT4005 - 0.5m ✓
- BT4011 - 1.1m ✓
- BT4015 - 1.5m ✓

BT4102

LARGE

Large Back-to-Back Base

- Designed for flat screens up to 65" (165cm) / 70kg (154lbs)
- Suitable for use with multiple large flat screens
- Supplied with optional rubber feet for use when free standing
- Base dimensions: 890mm x 850mm

2 Poles Required

- BT4005 - 0.5m ✓
- BT4011 - 1.1m ✓
- BT4015 - 1.5m ✓

B-TECH PROFESSIONAL

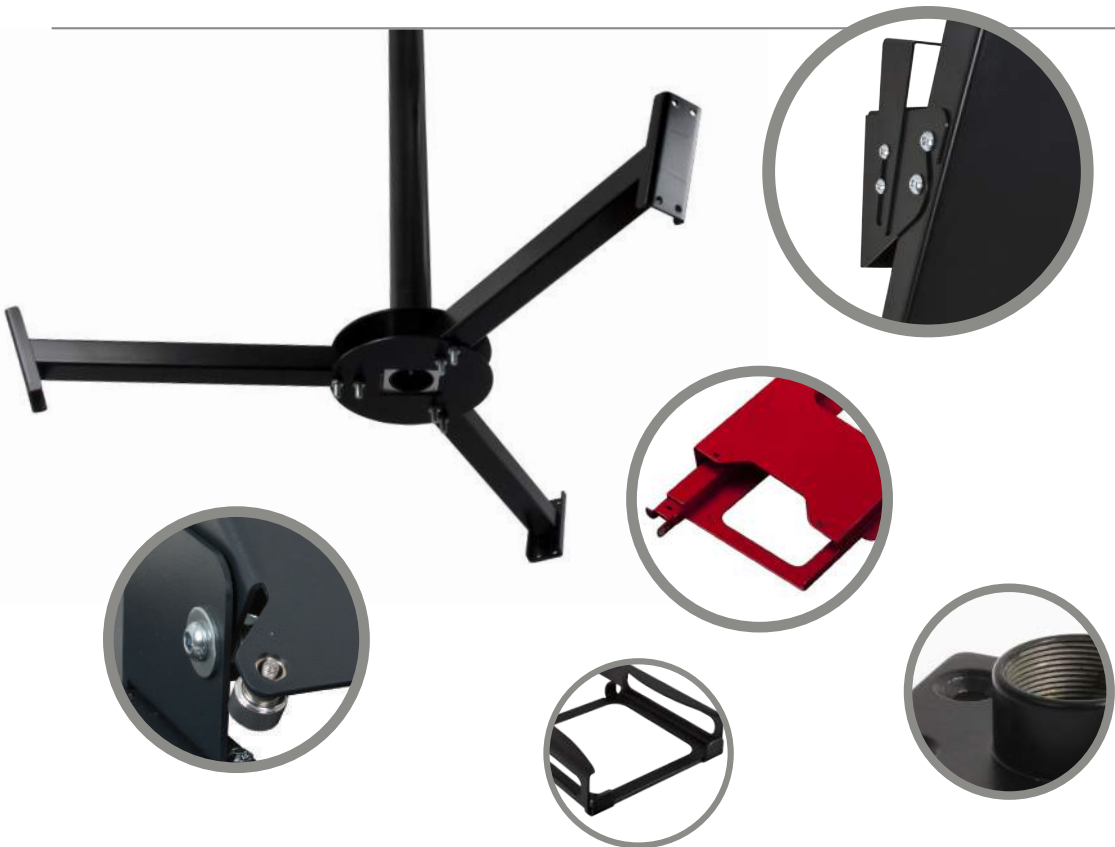

53

B-Tech offer an extensive range of products available off-the-shelf. However, if you can't find what you are looking for please contact our sales team to discuss your requirements. If we don't have an off-the-shelf solution which meets your needs, our team of engineers combined with excellent manufacturing facilities enables us to provide bespoke mounting solutions for virtually any application.

This service enables you to specify a custom requirement that isn't catered for by our standard or component ranges. Our highly skilled team of engineers in the UK will design and manufacture a bespoke solution to meet your exact requirements. Working with some of the latest design software and manufacturing technologies allows us to develop and manufacture short run lines and bespoke products in a timely fashion.

If you have a requirement for a product which is not featured in the B-Tech range, please contact us to discuss your requirement.

BESPOKE MOUNTING SOLUTION EXAMPLES

BESPOKE SOLUTIONS

GLOBAL MANUFACTURING NETWORK

A key advantage when using B-Tech Audio Video Mounts for bespoke manufacturing projects are the options provided by B-Tech's established global manufacturing network. Urgent and short run projects can be manufactured in the UK at highly competitive rates. Off-shore manufacturing enables B-Tech to offer even better pricing and our service will still include delivery from our UK warehouse as normal if so desired. FOB sourcing of both standard and bespoke products is also available on request.

The bespoke service process

1. Design

Contact us with details of the project. One of B-Tech's technical team will then contact you to discuss your requirements further, and develop a brief.

A dedicated B-Tech engineer will be appointed to develop your concept, and drawings will be sent to you for approval. When the solution design has been agreed, an estimated cost and delivery schedule will be supplied.

B-Tech aim to complete the initial design process within 7 days, depending on the complexity of the requirement.

2. Development (Project Dependant)

Once the design has been approved in writing, a prototype can be manufactured (if required). This working prototype will be sent to you for testing. Any amendments can be made based on your feedback and production drawings finalised.

3. Production and Delivery

A final quotation is submitted and delivery information provided. Once agreed, production will begin, with all stages of manufacturing overseen by your dedicated engineer.

Your product is then packaged to your specification and shipped to your preferred location. Production and delivery times can vary; we will keep you updated at all stages of the process.

Initial consultation and product development is free of charge, with no obligation to purchase*.

** Please ask for details.*

VENTRY RETAIL RANGE

New and improved Ventry range retail boxes are now available in Spanish in addition to the standard English boxes

Ventry Features

Ventry
range

The BTV500, BTV510, BTV520, BTV501, BTV511 and BTV521 all include a locking bar which prevents unauthorised screen removal

Built in Spirit Level for easy levelling when mounting on the BTV112, BTV113, BTV114, BTV502, BTV503, BTV504 and BTV514

VESA® Fixing Compatible

Integrated cable management for a tidy installation on the BTV112, BTV113, BTV114, BTV502, BTV503, BTV504 and BTV514

Easy Installation

BTV110

Fixed - Small

Ultra-Slim Flat Screen Wall Mount

- Designed for small flat screens up to 23" (58cm) / 20kg (44lbs)
- Fits screens with VESA® mounting patterns: 75 x 75 and 100 x 100mm
- Low profile design mounts screen only 15mm (0.6") from wall

Registered Design Number: 566831-0001

BTV111

Tilt - Small

Flat Screen Wall Mount with Tilt

- Designed for small flat screens up to 23" (58cm) / 20kg (44lbs)
- Fits screens with VESA® mounting patterns: 75 x 75 and 100 x 100mm
- Easy tilt adjustment +15° / -5°

Registered Design Number: 001713280-0057

BTV112

Tilt and Swivel - Small

Flat Screen Wall Mount with Tilt and Swivel

- Designed for small flat screens up to 23" (58cm) / 15kg (33lbs)
- Fits screens with VESA® mounting patterns: 75 x 75 and 100 x 100mm
- Features +/-15° tilt and 180° swivel
- 360° screen rotation
- Distance from wall: 105mm (4.1")
- Integrated Spirit Level and cable management
- Interface can be secured in place with a padlock (not supplied)

Registered Design Number: 001334981-0001

BTV113

Single Arm - Small

Single Arm Flat Screen Wall Mount with Tilt and Swivel

- Designed for small flat screens up to 23" (58cm) / 15kg (33lbs)
- Fits screens with VESA® mounting patterns: 75 x 75 and 100 x 100mm
- Features +/-15° tilt and 180° swivel
- 360° screen rotation
- Distance from wall: **Min:** 105mm (4.1") **Max:** 240mm (9.4")
- Integrated Spirit Level and cable management
- Interface can be secured in place with a padlock (not supplied)

Registered Design Number: 001334981-0002

BTV114

Double Arm - Small

Double Arm Flat Screen Wall Mount with Tilt and Swivel

- Designed for small flat screens up to 23" (58cm) / 15kg (33lbs)
- Fits screens with VESA® mounting patterns: 75 x 75 and 100 x 100mm
- Features +/-15° tilt and 180° swivel
- 360° screen rotation
- Distance from wall: **Min:** 105mm (4.1") **Max:** 385mm (15.2")
- Integrated Spirit Level and cable management
- Interface can be secured in place with a padlock (not supplied)

Registered Design Number: 001334981-0006

BTV500

Fixed - Medium

Universal Flat Screen Wall Mount

- Designed for medium flat screens up to 42" (107cm) / 40kg (88lbs)
- Fits screens with mounting patterns up to:

The information in this catalogue reflects the current technical specifications at the time of print. We reserve the right to change the technical or physical specifications without prior notice. The B-Tech name, the B-Tech logo, Better by Design, Mountlogic, Ventry, System2, System V, Cantabria, OWLS, Aviball, and Bb are all registered trademarks of B-Tech International Ltd. All B-Tech images and symbols are exclusive property of B-Tech International Ltd. All other brands and products are trademarks of their respective owners. B-Tech accept no liability for loss or damage caused by improper installation or mounting on unstable structures.

DISCLAIMER

B-Tech security fasteners are designed as a security deterrent only. B-Tech, B-Tech Distributors and B-Tech resellers accept no liability for loss or resulting costs incurred from the theft, attempted theft or unauthorised removal of any item(s) mounted using B-Tech security fasteners. Security screw removal tools are widely available and all B-Tech security fasteners are intended as a deterrent to the opportunist thief only.
