- Lightweight and compact design enables mobility
- Create a productive dual-display configuration by placing your notebook's screen alongside an existing LCD
- Get the comfort of a full desktop computer system with notebook portability

Ergotron®

Neo-Flex® Notebook Lift Stand

Lift and tilt your notebook to eye level—increase comfort and productivity

Lift and tilt your notebook to eye level for better ergonomics and productivity. At home, make paying bills, searching the net or viewing photos easier by placing your screen where you can see it best. In the office, enhance productivity by pairing a notebook alongside an existing LCD to create a dual-display configuration. Get desktop computing comfort with notebook portability.

- Effortlessly position your notebook for proper ergonomic viewing comfort and productivity
- Superior technical design enables use with or without a docking station
- Up to 360° of side-to-side swivel
- Vented platform allows for cooling air flow
- Sleek design complements any home or office
- Weight capacity range 3.5–14 lbs (1.6–6.3 kg)
- Offers true ergonomic height/tilt adjustment—six-inch (15 cm) motion range places top of screen at proper eye level for maximum viewing comfort
- Independent tilt range, up to 25°, positions a notebook for maximum ergonomic comfort
- Width- and weight-adjustable design is compatible with most notebooks, with or without port replicator
